Headteacher: Miss L Hoey

Dear Parents and Carers

We are delighted to let you know that on Friday 6 February, St Catherine's will be celebrating NSPCC Number Day. Pupils across the school will take part in a range of fun and engaging activities, including games, challenges and interactive learning, all designed to strengthen their multiplication and division knowledge in ways appropriate to their year group.

On this day, we will also be relaunching TT Rockstars as part of our continued focus on developing children's fluency and confidence with multiplication and division.

To add to the excitement, we would love children to come to school wearing something maths-related. This could include numbers, times tables, mathematical symbols, patterns, shapes, or even an outfit inspired by a famous mathematician. Dressing up is entirely optional, but we hope it will help make the day even more enjoyable for the children.

TT Rockstars at Home

TT Rockstars is a fun and motivating online platform that supports regular times-table practice. Following the relaunch on 6 February, we will be encouraging all pupils to use TT Rockstars little and often at home to reinforce their learning in school. Children will be reminded about how to log in, when home practice is expected, and how their effort and progress will be celebrated. You can support your child by encouraging regular practice and talking with them about the strategies they use when recalling times tables.

We are very much looking forward to celebrating NSPCC Number Day and helping children to feel confident, successful and proud of their multiplication and division skills.

Thank you, as always, for your continued support.

Yours sincerely

Mr Seville

Maths Lead
